Flows° designed by Metrica Design Studio

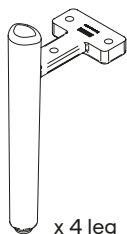

Flows unites a world of contrasts: limber yet strong, this collection features a light, elegant aluminium frame combined with the warmth of a handcrafted wood finish. Flows carefully balances old and new to give the pieces their defining characteristics. The unique shape of the oval legs turns the Flows sofa into a one-of-a-kind piece of furniture destined for long-lasting appreciation.

Here is how to start your outdoor moments of peace and connection under the sun.

How to assemble medium coffee table

Parts

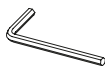

x 4 leg

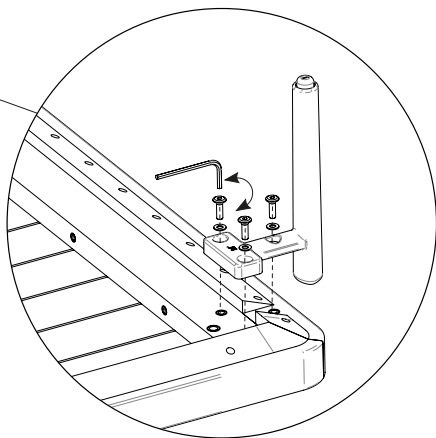

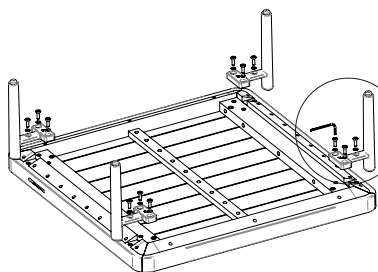

x 12 bolt M6x20

Ø x 12 washer M6

x 1 hex key

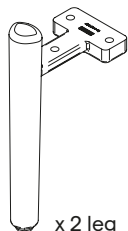

Installation

How to assemble medium/small end table

Parts

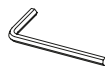

x 2 leg

x 6 bolt M6×20

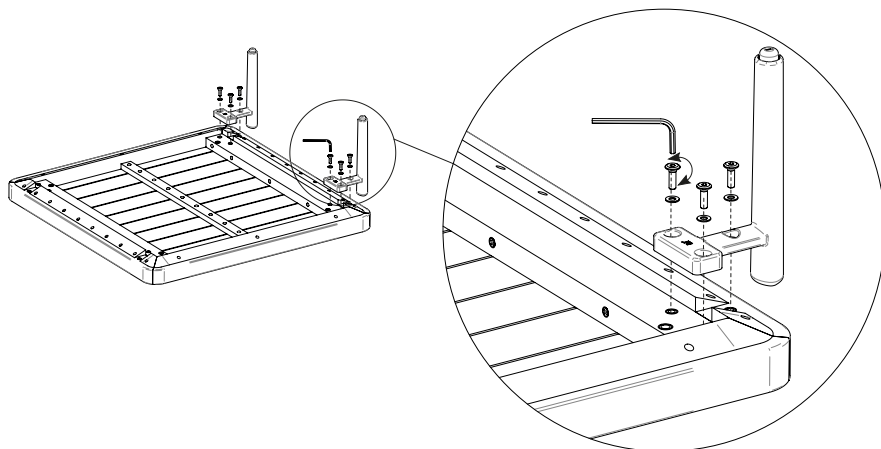

Ø x 6 washer M6

x 1 hex key

Installation

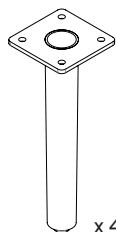

Mount the 2 end legs at one side of the table as shown in the picture below. The connectors will be mounted at the other side of the table to connect your table to a module, see chapter 'How to connect your modules' (p. 8).

How to assemble large footstool/lounge table

Parts

x 4 leg

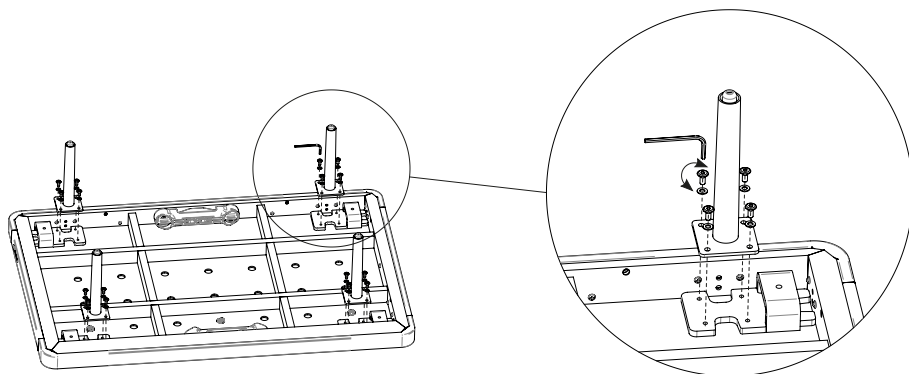

x 16 bolt M6×13,5

Ø x 16 washer M6

x 1 hex key

Installation

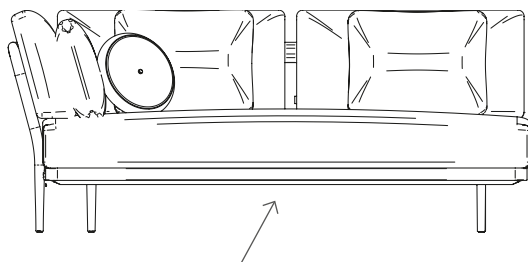

How to connect your modules

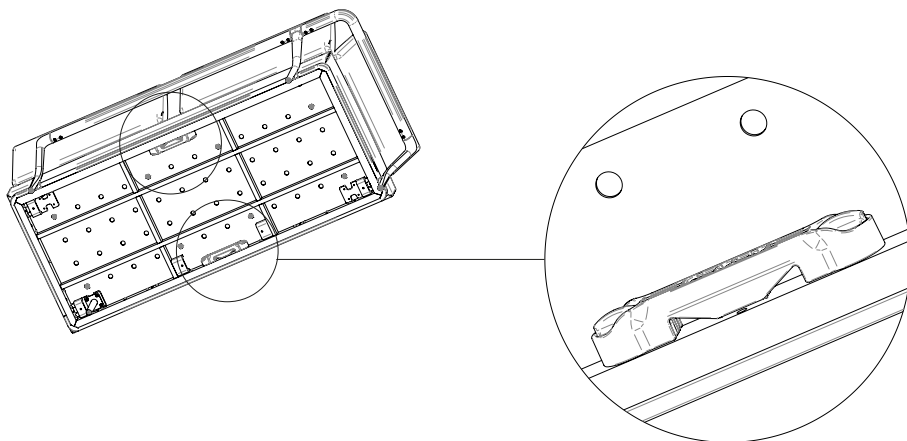

Where to find the connectors

Your module comes with connectors fixed at the bottom. In case you want to attach an additional module to another, you can use these connectors.

Front view

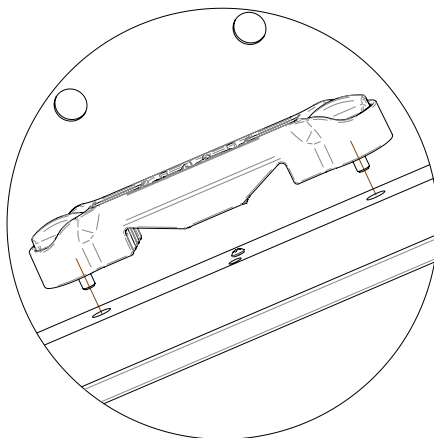

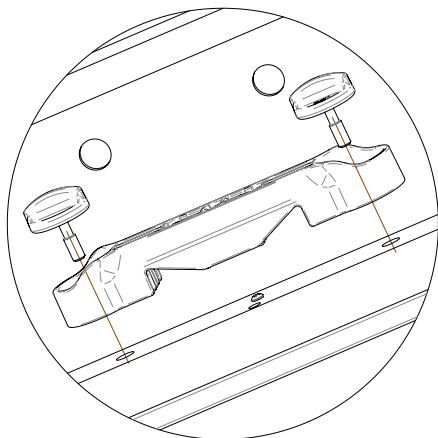

Bottom view

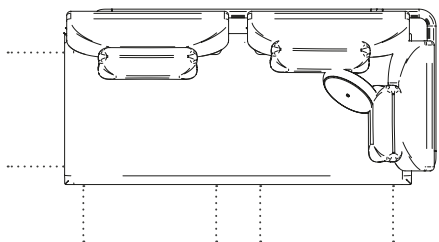

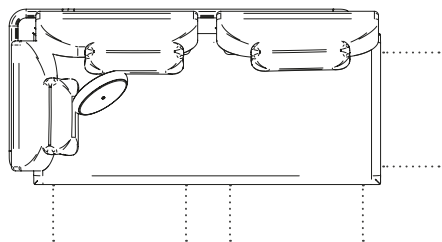

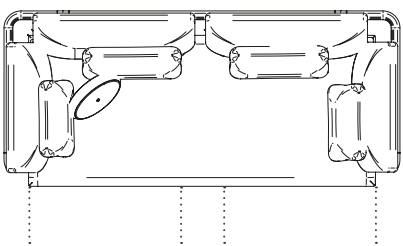

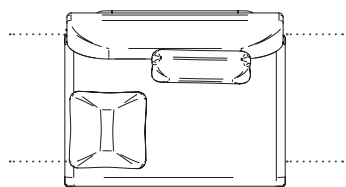

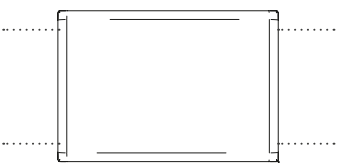

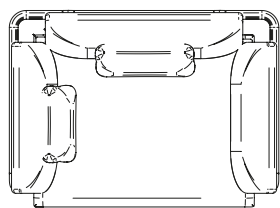

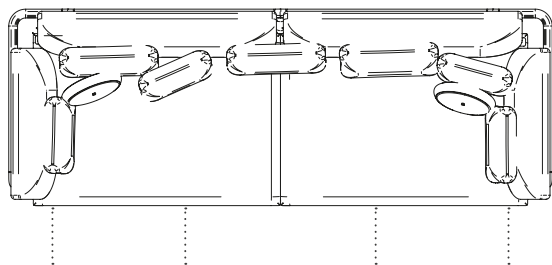

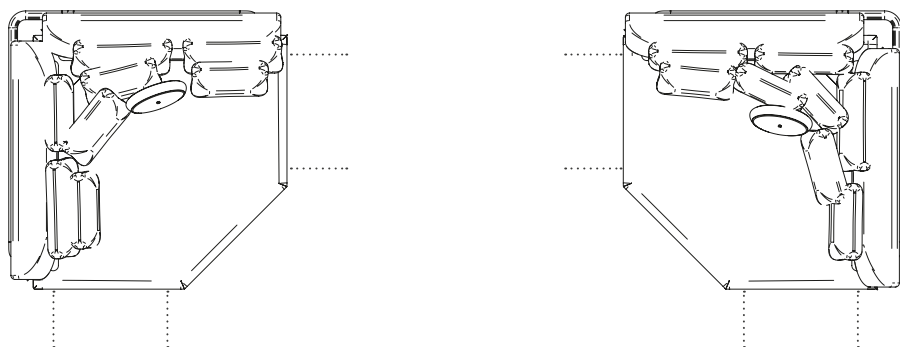

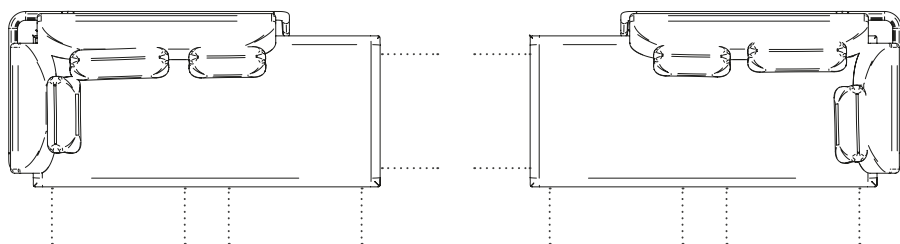

Disconnect the connectors

Loosen the thumbscrews until the connectors are detached from your module.
We recommend to loosen the connectors rather than unscrewing them completely.

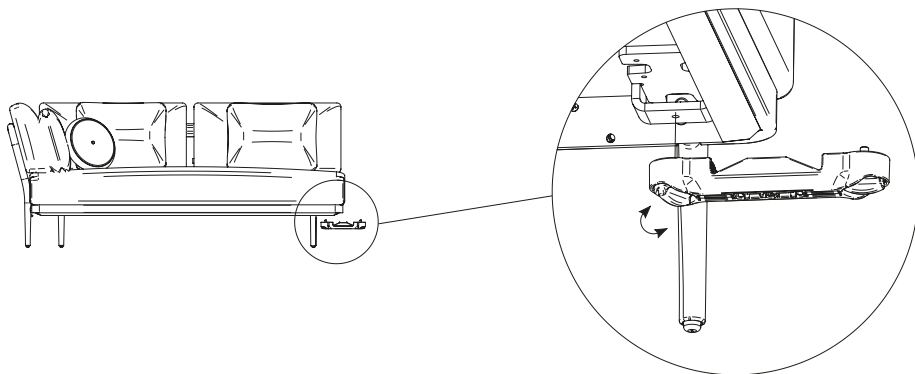

Possible connection points

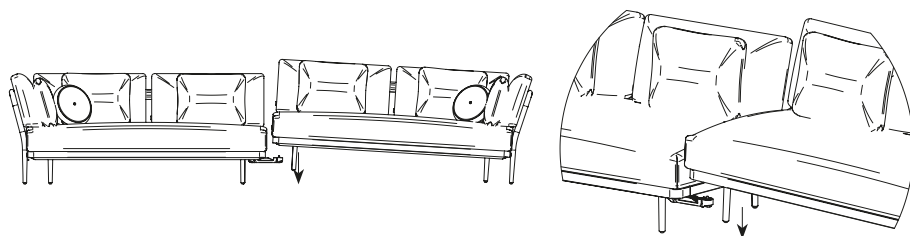

How to connect: sofa - sofa

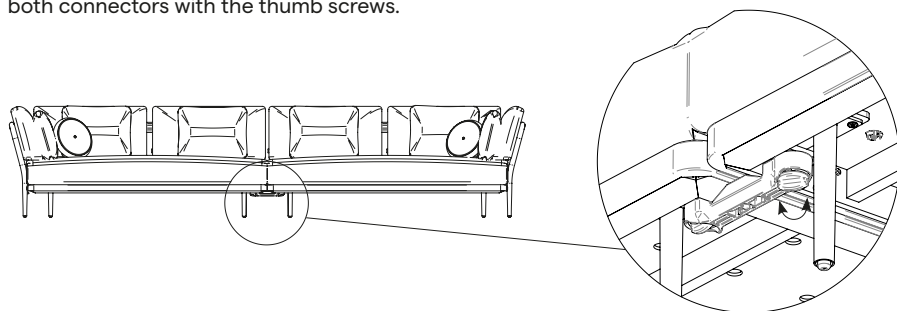

Mount the two connectors at the connecting points of the first module. Softly fasten the connectors with the thumb screws.

Lift the second module onto the connectors of the first module.

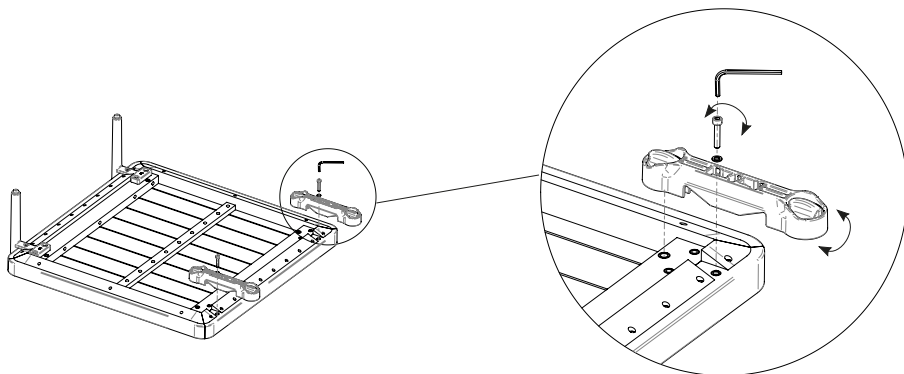

Softly fasten the thumbscrews of the second module, firmly fasten both connectors with the thumb screws.

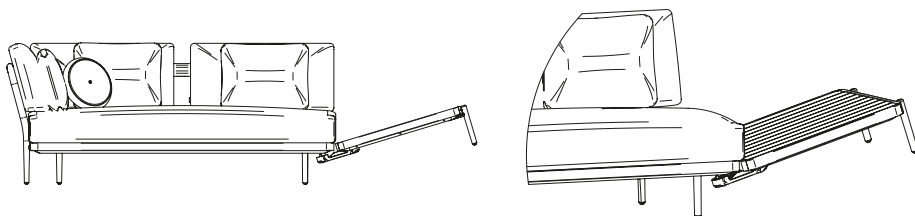

How to connect: table - sofa

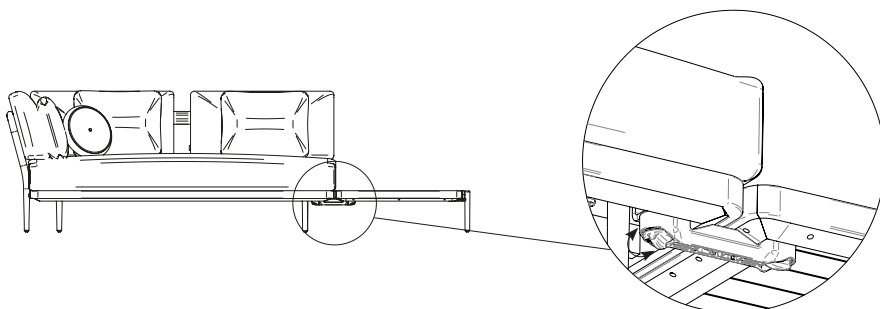

Fix the connectors to the tabletop using the thumb screws and the bolts.

Position the connectors fixed to the table underneath the sofa.

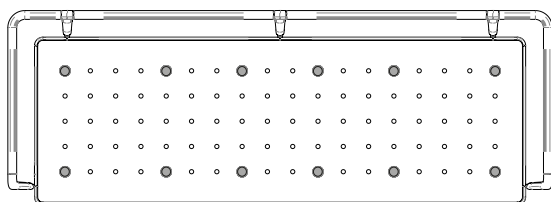

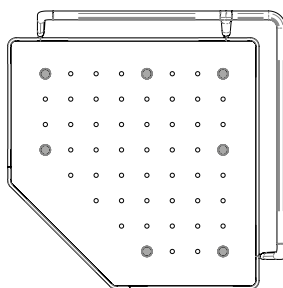

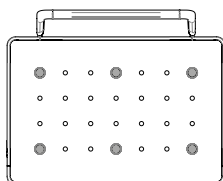

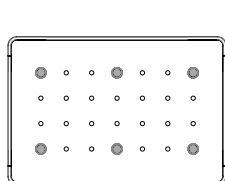

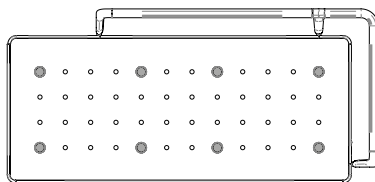

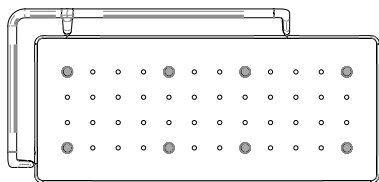

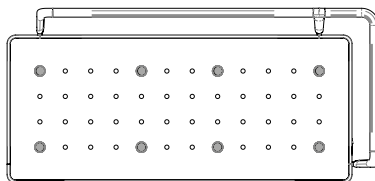

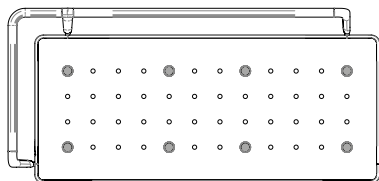

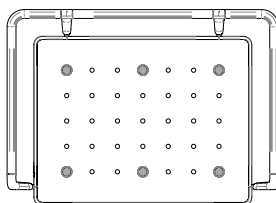

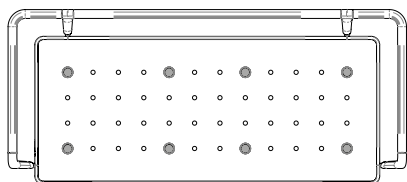

Fasten the connectors with the thumb screws.

Positioning velcro pads

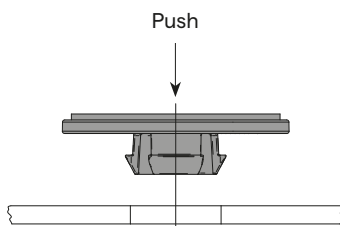

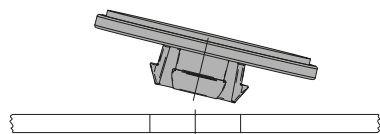

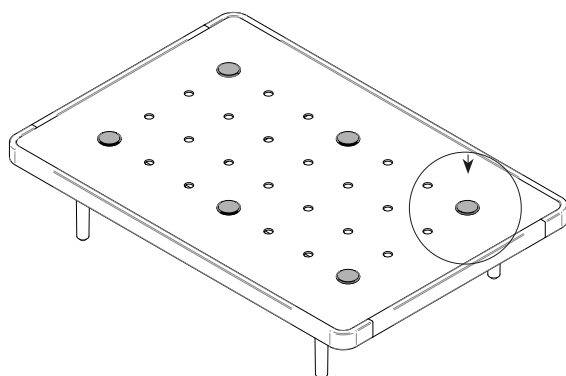

Your module comes with fixed velcro pads. You can add or remove the velcro pad, following below instructions to remount the velcro pad at the right position.

Advised quantity, position and spread

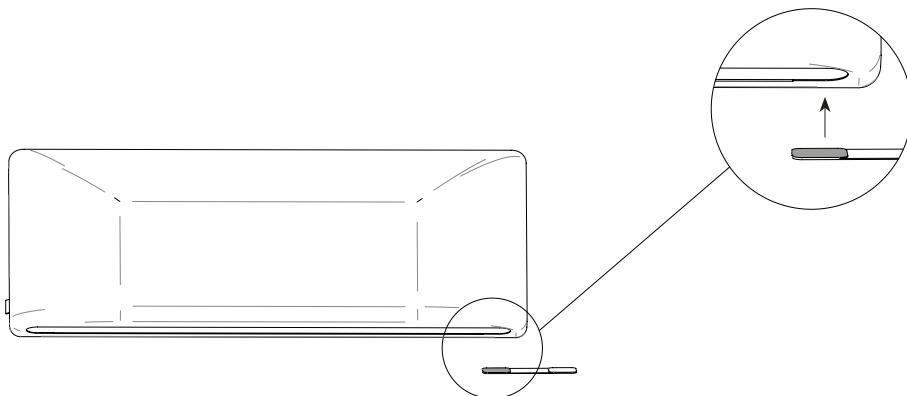

How to position velcro pads

The velcro pad should always be pushed straight into the module.

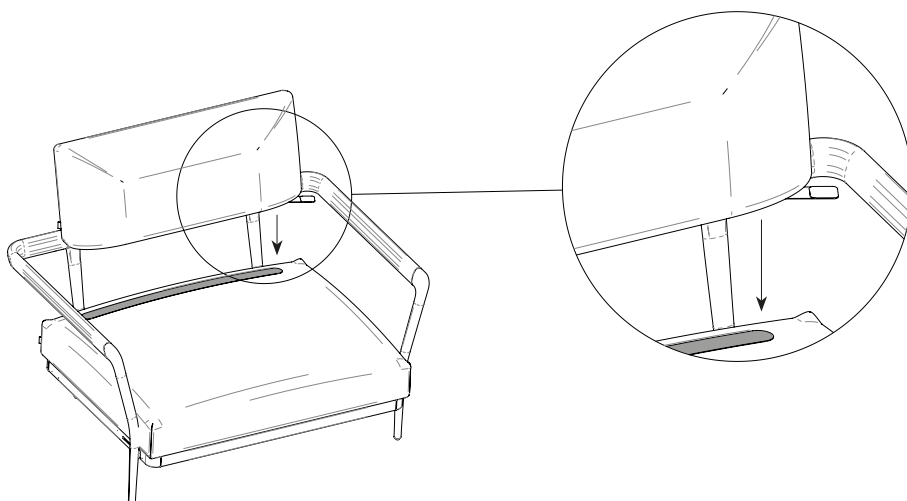

How to position the cushion connector

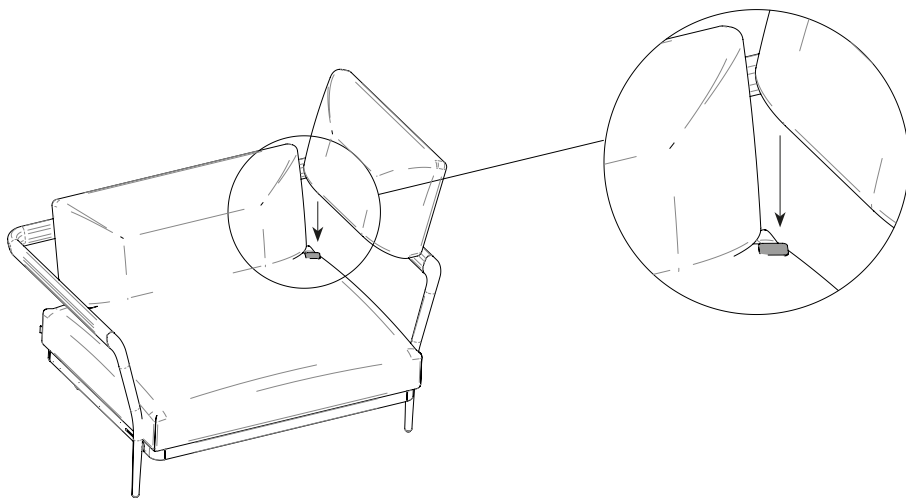

Connect the cushion connector to the bottom side of the back cushion using the velcro strip.

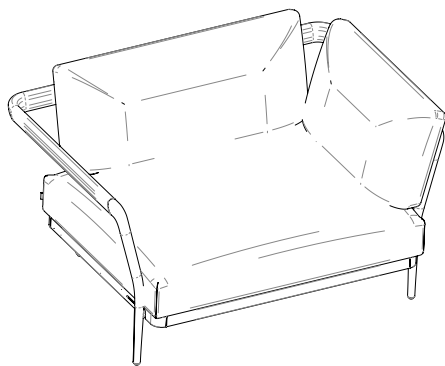

Place the back cushion onto the available strip.

Fit the arm cushion making sure that the cushion is placed onto the velcro of the cushion connector.

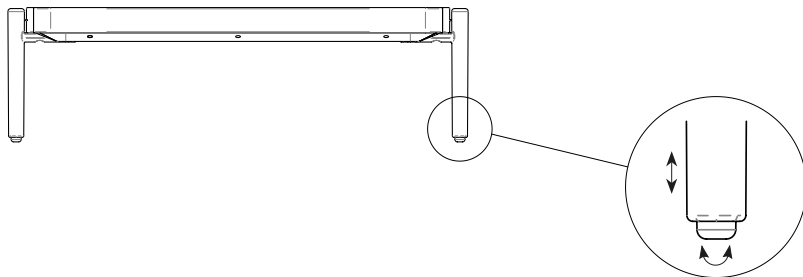

Repeat the previous steps to install all arm cushions.

How to level your furniture

Adjustable feet on the bottom of each module ensure that each module is leveled and fits perfectly to the next module. Please note that all four adjustable feet should touch the floor in order to be perfectly leveled.

Safety

No high pressure cleaning

WARNING:

Do not use a high pressure cleaner to clean your furniture base.
This may damage your furniture.
