

Aluminium & stainless steel

A complete care kit to clean and protect your aluminium and stainless steel furniture.

Universal cleaner (1000ml)

Foaming cleaner suitable for regular use on all surfaces except wood.

How to use

1. Before using this product, eye protection and rubber gloves should be worn. Cover the ground under your working area before cleaning.
2. Spray this cleaner onto the stained area and let it penetrate for 3 minutes.
3. Remove dirt and grease with a sponge or a soft scrubbing pad.
4. Rinse the treated surface thoroughly with clean water. Allow to dry.
5. If the stains have not been completely removed, the treatment can be repeated, leaving the cleaner a longer penetration time.
6. Protect your furniture with one of our Manutti Care line protectors.

Aluminium & stainless steel protector (1000ml)

Protects powder coated aluminum and stainless steel. Prevents corrosion.

How to use

1. Before using this product, eye protection and rubber gloves should be worn. Cover the ground under your work area before starting.
2. First clean the furniture with our Manutti Care line : universal cleaner.
3. Shake this protector before use.
4. Apply directly on the cleaned area.
5. Buff well with a soft, clean and dry cloth.
6. It is recommended that you treat the surface with this protector at least once a year.
